

Secrets of Happiness

By: George Zivan

Work with what you love,
And every day will be new;
Play like you did as a child,
And there's nothing you can't do!

Dance to the music inside you,
Dream what others don't dare;
Let someone else win now and then,
Give, cause it's better to share.

Touch someone's heart with kindness,
Walk softly, and be a good friend;
Stand up for truth and justice,
And be ready to defend.

Rise above all the madness
On this crazy clump of dirt;
Live like they're filming your story,
Love like you've never been hurt.
