

If People Learn to Care

By: George Zivan

(Parts may be sung to, “**Happy Together**” by The Turtles).

Imagine what a great world
This world could be
If people cared about each other,
Instead of selfish, “Me, me, me!”
What a great life we would have,
A great society,
If people learn to care.

Imagine if we really tried
To understand,
That we are really not so different,
We are one family of man,
Then maybe we would stop the hate,
From spreading through the land,
If people learn to care.

CHORUS:

I know that our country was truly blessed,
In so many ways...
We can learn from the best nations, to be the best
And see our greatest days...
You and me, and me and you,
Yes, we can build a paradise,
You know it's true,
If we work together and believe,
There's nothing we can't do,
When people learn to care.
