

## **Live Your Life**

By: George Zivan

Live your life!  
For the light in her eyes,  
For her laughs, for her cries,  
For the times she makes you feel  
Ten feet tall...  
For the warmth of his hand,  
For when you know he'll understand,  
For the times you just can't wait  
For his call...

Live your life!  
There's romance in the air,  
Miracles everywhere,  
Take the impossible  
And make it real!  
For the sounds and the sights,  
For those precious days and nights,  
For the moments  
That no one can steal!

Live your life!  
For your dream, for your song,  
Let each sunrise make you young,  
There are wonders  
That you've yet to see...  
For that beat in your heart,  
Take an ending, make a start,  
For the best things in life  
Are still free!
