

(AUTHOR'S NOTE: Let us immortalize these inspiring words as the official Anthem of the United Nations, as our gift to humanity, so all future generations will strive to reach our highest ideals.)

### **The Wealth and Destiny of Nations**

By: George Zivan

The wealth and destiny of nations  
Is more than your paper and gold,  
More than your shining cities  
Of plastic, steel and stone;

For even mighty towers and empires  
Will crumble and decay,  
And your dreams will shatter,  
And you will die alone.

Seek first to build  
A noble, moral character,  
To stand for truth and justice,  
And to learn from your past.

Love one another,  
That is the lesson of the ages,  
For upon that foundation,  
Humanity might last.

**(“The Wealth and Destiny of Nations”.....continued).**

Let us unite for a better future,  
Let every generation understand,  
The wealth and destiny of nations  
Is more than your finest treasure,  
It lives in all the people of our lands!

CHORUS:

Come, let us save,  
Our only paradise,  
Let us fulfill,  
Our highest dreams;

Let's stand together,  
Open our eyes,  
This earth is our only home,  
We are on the same team!

This earth is our only home,  
We are on the same team!

Humanity, wake up and see,  
Decisions affect destiny;  
This is the truth of generations,  
People are the wealth of nations!
